

structed Messrs. Hunt Brothers to continue the electric lighting on the streets until further orders. As there was no contract in existence he felt that it would not do to leave the city in darkness on the Queen's Birthday, and as he knew the Council met to-night, he had taken the action mentioned pending their decision.

It was decided to only authorize Hunt

Bros. to continue the eight lamps called for in their original agreement.

Ald. Moore moved that \$500 be placed to the credit of the Board of Works for grading approaches to the railway in the north part of the city, and charged to the general fund. Carried.

The Council adjourned to Monday, June 6th.
